Dear Henry:

██████████ will be arriving in ██████████ shortly and I note that I have neglected to tell you how to handle his quarters.

As I explained in my letter of 3 October 1950 the ██████████ is able to extend many courtesies to our people in ██████████ which we are unable to return. They can do this by virtue of their semi-governmental semi-private control. We of course must adhere to U.S. Government Regulations and fiscal policies.

The subject of providing quarters to a representative of a ██████████ does not appear to be explicitly covered in regulations and therefore I am not asking for a decision. I have notified the proper authorities that we will house ██████████ while he is in ██████████ and so far they have not asked for a collection to be made of him for occupancy. I have spoken to ██████████ and explained that we may have to charge him a nominal sum if so directed but that we do not propose to make any charge on our own initiative.

Since the policy may change for the next ██████████ representative please do not make this letter a part of your file and do not discuss the contents with members of the staff.

Sincerely,
